Greetings from the President of Florida A&M University

This is our final home football game of the season and I wish to take this opportunity to thank all of you for your continued support of Florida A&M University and the Rattlers.

The game tonight should be an exciting one and our opponents, Alabama A&M University's Bulldogs, always provide top notch competition for the Rattlers.

On behalf of the FAMU family I welcome our supporters and visitors and urge you to feel at home, relax and enjoy a fine evening of entertainment, fair play and sportsmanship.

"LEGEND"

NOW YOU SEE IT; NOW YOU DON'T

Alabama A&M has a lot of tricks up its sleeve and will be out to prove to the Rattlers that the hand is quicker than the eye.

At one point in the season people were wondering just how good was Florida A&M. The Rattlers since that time have answered that question but face a team tonight of a similar unknown quantity.

Alabama A&M has been an up and down team, showing brilliance one week and disappointment the next. The Rattlers themselves don't know exactly how the Bulldogs will play this one and they are prepared for the worse.

Experience is a great teacher and many FAMU followers remember the last time these two teams met. It was in Huntsville, Ala., and Florida A&M had never loss to Alabama A&M.

On this night, though, history was to take a turn for the worse as far as the Rattlers were concerned.

It was in 1971 and FAMU went into the game unbeaten after two games. The Bulldogs jumped all over the Rattlers and came up with 14 points. They then threw

up a stubborn defense and fought off a FAMU rally to take the game, 14-13.

That meeting was the last until now for these two teams and the Rattlers did not have another chance to seek their revenge. The players now who remember that game were freshmen and probably none even made the trip to Huntsville on that fateful weekend.

They were Rattlers, though, and a loss is a loss so they will be out to avenge that defeat tonight. Just how successful they will be will depend upon Alabama A&M.

If the Bulldogs have one of the kinds of games they're capable of playing, the Rattlers are going to be in for the fight of their lives because Alabama A&M is the kind of team that will come after you hard and strong, then throw in some trick plays to catch you off guard.

Rattler head coach Rudy Hubbard and defensive coordinator Fred Goldsmith have been scratching their heads trying to figure out how to gear a defense for a team that will throw everything including the kitchen sink at its opponents.

The fan who likes the razzle-dazzle play, the unorthodox formation, the end arounds, reverses, halfback options, dipsy-doodles, flea-flickers, statue of libertys, should get his money's worth tonight. Alabama A&M will probably use a little of them all.

As for the Rattlers, they hope to strike fast and early and then hold onto the grass because the Bulldogs will be coming from every direction.

A LOOK AT 1971

Alabama A&M 14, FAMU 13
Oct. 9 at Huntsville, Ala.

The odds finally caught up with the Rattlers against Alabama A&M.

FAMU had never lost to Alabama A&M in football but this night there was to be a change.

After noting a flaw in the Rattlers' punting game the Bulldogs capitalized by blocking the first punt attempt and covering it in the end zone for a TD to take a 7-6 lead.

In the end though, it was to be a sad tale for the Rattlers as they barely missed a field goal in the waning seconds and had to absorb a 14-13 defeat.

RATTLER • COACHES

RUDY HUBBARD/Head Coach

Florida A&M University ended a long search for a new head football coach when Rudy Hubbard was named football boss in June. Hubbard comes to FAMU from Ohio State where he was an assistant.

Hubbard, who also played for Woody Hayes' Buckeyes, was selected from a list of over 40 applicants for the job of replacing Jim Williams and accepting the challenge of returning the Rattlers to football prominence.

In making the announcement at a press conference, FAMU President B. L. Perry, Jr., said Hubbard "has the confidence, qualifications and background to turn around our football program and put it back on top. In addition to having outstanding football credentials, he also is a master recruiter and we all know how important recruiting is today."

Hubbard personally recruited Archie Griffin, Cornelius Green and John Hicks for Ohio State. Griffin was the Big Ten's Most Valuable Player and Green was the MVP in the Rose Bowl. Hicks, of course, was the winner of the Outland and Lombardi trophies.

An All-Conference and All-County performer in high school basketball and football for three years, Hubbard was player of the year as a freshman at Ohio State.

A knee injury sidelined the running back for his entire sophomore year and he never completely recovered until his senior year when he averaged 5.3 yards per carry, scored three touchdowns, caught 13 passes for 98 yards and averaged 17.1 yards per attempt on kickoff returns.

Hubbard was drafted by Montreal of the Canadian Football League in 1968 but forewent a professional football career when he was offered a job as backfield coach for Ohio State. Hubbard said he wanted someday someday to become a head coach and "I felt my chances were far greater as an assistant to Coach Hayes than chancing a professional football career."

He joined the Buckeye staff in 1968 and that year Ohio State won the national championship. He has coached Jim Otis, Leo Hayden and John Brockington, all now prominent figures in the National Football League.

"I am very pleased with his qualifications, youth and willingness to accept the challenge to rebuild our football program," said FAMU athletic director Hansel Tookes, who also served on the selection committee that recommended Hubbard to President Perry.

Hubbard hails from Hubbard, Ohio, where he attended Hubbard High School (the names are mere coincidence). He was recruited by over 60 colleges before finally settling on Ohio State.

He and his wife, Belinda, are expecting their first child in a few months.

FAMU RATTTLERS ASSISTANT COACHES

AL BOGAN
Offensive Line

Bogan became the first member of Rudy Hubbard's staff when Hubbard was named head coach. "Al will help our program tremendously," Hubbard said. Bogan is a graduate of Ohio University and was an assistant at Indiana State University before coming to Florida A&M. During his playing days at Ohio University he starred as a running back and wide receiver. He is a student of the game and approaches it with much vigor and enthusiasm.

COSTA "POP" KITTLES
Wide Receivers

Another FAMU alumnus, Kittles has produced some top flight receivers. He has gained the reputation as being a specialist in developing ends. He enters his 22nd season as a Rattler coach. Kittles earned All-American honors while playing end for the Rattlers in 1950. He also holds a master's from Ohio State and is an assistant professor of physical education. He is head baseball coach and has turned out perennially strong teams. Considered one of the most thorough coaches in the business, Kittles also is known for getting results in the classroom as well as on the football field or baseball diamond. He is a native of Jacksonville.

FRED GOLDSMITH
Defensive Coordinator

Goldsmith, Rudy Hubbard's top assistant, comes to Florida A&M with impressive credentials. He is a graduate of the University of Florida and has worked as an assistant under Doug Dickey. He took over a winless DeLand High School team two years ago along with a defense that gave up over 40 points per game and since that time carved out nine wins against 10 losses and two ties. Most important, he whittled the defensive average down to a respectable 10 points per game.

BOBBY LANG
Running Backs

Lang is in charge of the running backs this season after having worked with the offensive interior line. He enters his ninth season as a member of the Rattler coaching staff. Lang was an ALL-SIAC performer during his playing days at FAMU where he earned his bachelor's and master's degrees. He is assistant professor of physical education and head track coach. His track team won the SIAC championship from 1968 through 1970 and in 1968 his 440 relay team (Major Hazelton, Jim Ashcroft, Gene Milton and Nate James) became the first in history to retire the James C. Patterson Challenge Cup at the Penn Relays by winning it three consecutive years. Lang joined the FAMU staff in 1966 and is a native of Jacksonville.

ROBERT "PETE" GRIFFIN
Defensive Line

Griffin came to the Rattlers as head line and defensive coach for football and track coach in 1944. He was an All-American center on Florida A&M's first national championship football team in 1938. He served as head coach of the Rattlers during the 1970 season following the retirement of Jake Gaither and led FAMU to a 5-5 record. "Pete" retired following the 1970-71 school year but rejoined the staff in 1972. He is a native of Columbus, Ohio, and holds the Master of Arts degree from Ohio State University. He is hailed as one of the nation's top defensive coaches.

ROBERT "BOB" MUNGEN
Defensive Secondary

Mungen is a 1953 graduate of FAMU and during his undergraduate days played end, halfback and quarterback for the Rattlers. He is head tennis coach and assistant professor of physical education. He earned his masters at Indiana University. Prior to joining the Rattler staff, Mungen was head coach at Edward Waters College in Jacksonville, Fla., and Knoxville (Tenn.) College. He is also in charge of the freshmen and works with the varsity punters and kickers. His defensive secondaries are known for their ruggedness, speed and hard hitting.

ONE NOBLE RATTLER IS MISSING

by Roosevelt Wilson

Sylvester Williams, who by now would have been among the top Rattler runners of the season, was more than just a fine football player. He also was an outstanding young man.

His teammates and coaches affectionately called him "Rev," short for Reverend. Williams, you see, was a young man of strong religious convictions and a sincere concern for his fellow man.

He had become somewhat of the unofficial team chaplain and he was outspoken about his religious beliefs.

It took a lot of nerve to be as open about his religion as Williams was, especially when one considers that he was a

member of a football team, and especially when one considers that football teams, though wrongly so, have been stereotyped as being made up of mostly physical brutes who thrive on violence with little compassion for others.

This Florida A&M football team did not make fun at Sylvester Williams. Each player and coach respected him for his beliefs and often found themselves watching their language when "Rev" was around.

They respected him because they knew he was sincere. They knew he was not just a showoff or a windblown evangelist. The country today has been proliferated by the overnight dogooders and holier-than-thous

who suddenly appear on the scene with the answer to all of man's problems.

Somehow though, through all the din and ado, one can tell when someone is for real. The Rattlers knew Sylvester Williams was for real.

On Sunday, September 2, Williams had visited Tallahassee Memorial Hospital, as he had done many times before, to visit with and pray for the sick. Almost exactly 24 hours later he had collapsed on the practice field and died.

Even today Sylvester Williams is still missed by the Rattlers. Occasionally, when one is inclined to swear, he unconsciously looks around to see if "Rev" is anywhere nearby.

Rattler Network Aired Again

The Rattler Network is alive and well and in good hands with Ed and Al.

Ed Littler and Al Rock are the men behind the mikes that bring Florida A&M University football to eight radio stations in Florida and Georgia during the fall.

The network, made possible again by **Independent Life Insurance Company** and produced by Allan B. Margolis of radio station WMBM of Miami Beach, broadcasts all Rattler football games live and can be heard on stations **WMBM**, Miami Beach; **WOKB**, Orlando; **WTRL**, Bradenton; **WERD**, Jacksonville; **WBOP**, Pensacola; **WTUF**, Thomasville, Ga.; **WGLF** (night games), Tallahassee and **WANM** (day games), Tallahassee.

Littler is in his third year as play-by-play man for the Rattler Network. The 22-year-old June, 1974 graduate

of Florida State University is sports editor for WFSU-TV. He is from Ft. Lauderdale where he attended Cardinal Gibbons High School and was baseball All-County honorable mention.

He played freshman baseball at FSU and currently does the play-by-play for FSU baseball and basketball.

This will be Rock's second year as the analyst for the network. He is a 1972 FAMU graduate and has had a close relationship with the Rattlers since his days as FAMU assistant sports information director.

Rock also has worked in sports broadcasting in Atlanta with Chico Renfroe and Radio Station WIGO.

Presently he is a district sales manager for 'International Harvester and resides in winter park, Fla.

The All-American Receiver.

Over the years, Zenith color TV has earned a reputation for dependability and picture excellence no other color TV can match.*

And today's Zenith solid-state Chromacolor II backs up that reputation with a combination of features no other color TV can offer.

The famous Chromacolor picture tube

that set a new standard of excellence in color TV. A patented Power Sentry voltage regulator that protects components. And a rugged, 100% solid-state modular chassis for long-life dependability.

It's the best way we know to make sure, at Zenith, the **quality goes in before the name goes on.**[®]

Model shown: F4752P, the Reynolds. TV picture simulated.

ZENITH
SOLID STATE
CHROMACOLOR II

*For the third straight year, a nationwide survey of independent TV service technicians has named Zenith, by more than 2 to 1 over the next best brand, as the color TV needing fewest repairs. The same survey rated Zenith as the highest-quality color TV, as the one with the best picture, and as the one service technicians would buy for themselves today. Survey details on request.
