Greetings from the President of Florida A&M University

We are again pleased that the time of year has arrived for the renewal of the long and friendly rivalry between Florida A&M University and Tennessee State University.

This year's edition of that great rivalry marks a memorable and singular event in the history of Florida A&M University—the presentation of the first inductees of FAMU's sports Hall of Fame.

We are proud to welcome these honorees and present them in the glorious reflection of their athletic prowess and positive contributions to FAMU, the State of Florida, the nation and the world.

We welcome our visitors from Tennessee State as well as the many Rattler supporters and friends of FAMU to tonight's game, and we invite all of you to be a part of the tribute which so deservedly will be played here tonight.

ARMY ROTC... LEARN WHAT IT TAKES TO LEAD...

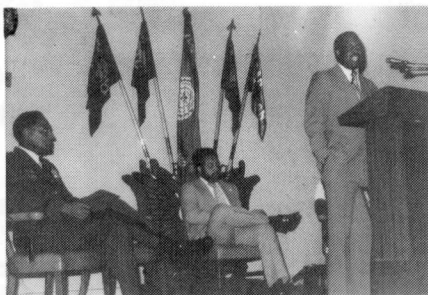

Team work is the key to success at ROTC Basic Camp, Ft. Knox Ky. where 52 Famuans attended this past summer.

Female and male drill teams perform precision and fancy drills.

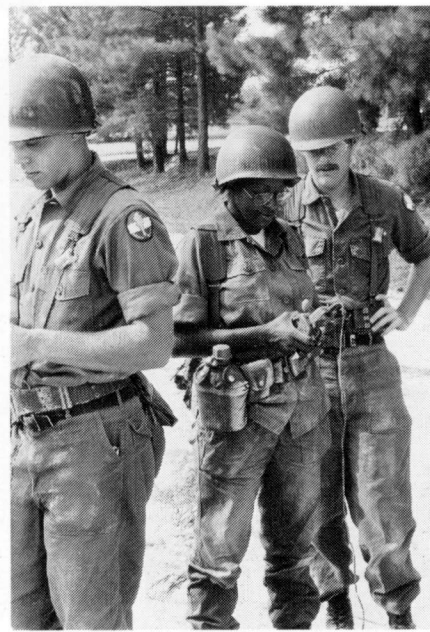

ROTC Ranger Training is rough! Some make it and some don't.

Justice Joseph W. Hatchett speaking to cadets on Leadership during Awards Day Ceremony. "Leadership is not an item that can be issued to you. . . .Whether military or civilian, the job requires patience, dedication, willingness to sacrifice and patriotism. You cadets are fortunate to be able to develop your leadership through prescribed ROTC courses."

ROTC Activities Day brings numerous items of military equipment for viewing by the entire student body.

Miss Margie Harris (center), first female among 31 cadets attending Advanced Camp at Fort Bragg, N1 C., pays meticulous attention to instruction. She will also be the first FAMU female to be commissioned (June 6) as a Military Police officer.

Relinquishing her crown as Miss ROTC to Miss Martha Ross, is Miss Reba Griffin, a junior in ROTC who also completed Basic Camp last summer in the top 10% and won a full two-year Army ROTC scholarship.

. . . and the big day when she feels proud of your accomplishments—a commission as an officer and a college degree at the same time.

Army ROTC . . .

It's easy to start . . .

Just remember to register this Fall.

WITH ARMY ROTC... IT HAS BEEN A VERY GOOD YEAR

Today's Game

by Horace Gosier

The intersectional rivalry between FAMU and Tennessee State University is without doubt the keenest on the list of out-of-state Rattler opponents. It is an annual grid-iron clash that viscerally involves not only the players, but the followers of both teams as wells.

And so tonight, look for a hotly contested battle with each participants giving his all. The winner won't necessarily be the best team. Rather, the team which can best control the emotion and excess adrenalin and keep its cool in the unorthodoxed situations which inevitably surface, will likely be the game's victor.

The game is a crucial one for both teams. The Rattlers are looking to regain the poise that escaped them in their 16-13 loss to Alabama State and their 14-14 tie with Morris Brown. A decisive win over Tennessee State might put them on the right track for the tough schedule ahead, and gain the attention of the ranking "experts" who earlier this season shunned them so unjustly.

Tennessee State, which entered the 1976 season on the heels of a 5-4-0 record for 1975, would do much to assuage the spirits of Head Coach John Merritt who boasts an overall 106-19-3 record as he enters his 14th year at the Tiger helm.

Going into tonight's game, the Big Blue Tigers are 5-1-0, having won over Middle Tennessee State (26-17), Jackson State (23-20), Alabama A & M (26-0), Texas Southern (21-8), and Grambling (34-20). Their only loss has come at the hands of FAMU's Orange Blossom Classic opponent, the Central State Marauders who eased past TSU 24-18.

To date, TSU is averaging 303 yards per game in total offense. The team is averaging 139 yards per game rushing and 164 yards passing. Fullback Lawrence Barnes is the Tigers' leading rusher with 315 net ground yards and seven touchdowns to his credit. Quarterback Austin Thompson has passed 119 times, making 59 completions for 942 yards and has drawn 10 interceptions. Twenty of those passes were caught by flanker Jerrold McRae (number 83) for 200 yards and two touchdowns. Flanker Rodney Parker (number 40) has caught 13

passes for 331 yards and four TD's.

All four of the above named are expected to figure prominently in tonight's contest.

FAMU's average total offense—350.2 yards per game—exceeds that of TSU, however, the Rattlers have not been able to translate those yards into victories due mainly to costly turnovers.

In last week's contest with Morris Brown in Atlanta, the Rattlers dominated the game in terms of yardage. Tailbacks James Early and Michael Thomas both gained in excess of 100 yards. Still the game ended in a tie.

The Rattlers had a good week of

practice, working on their overall game and concentrating on some fundamentals that hopefully will return the poise the team has lacked in its last two outings.

Albert Chester, shaken up in the final period against Morris Brown, is back in shape and will call the signal for the Rattlers. He may be spelled by Ricky Pope who came in and engineered the final Rattler drive last week that ended in a missed field goal last week.

But that was last week. Coach Rudy Hubbard and the Rattlers have left that one behind and are concentrating on gaining their fourth season win here tonight.

1975 FLASHBACK

Florida A&M 20, Tennessee State 0

NASHVILLE, Tenn., October 25—Blending a magnificent defensive effort with a persistent and opportunistic offense, Florida A&M's Rattlers stuck it to Tennessee State 20-0 and cast aside what was thought to be a hex held over the Rattlers by the Big Blue Tigers.

Not since 1968 had Florida A&M been able to beat Tennessee State, and never had the Rattlers been able to win in Nashville, but this cold, rainy night in Nashville marked the end of an era . . . or the beginning of one, if you will.

The Rattler defense intercepted six Tennessee State passes, forced two safeties and set up the rest of the scoring for offense, which stood ready and cashed in.

RATTLER • COACHES

RUDY HUBBARD
Head Football Coach

When Rudy Hubbard accepted the challenge of resurrecting Florida A&M's collapsing football fortunes in 1974, he didn't make any long range plans. He wanted immediate results . . . and got them.

GO!
RATTLERS

GULF 104

In just two years Hubbard redirected the FAMU football program and under his leadership the Rattlers regained that respectability that had become a tradition on the highest of Tallahassee's seven hills.

Florida A&M had has a history of winning at football. From 1937 through 1969 the Rattlers won 252 games and lost only 46, an average of just over one loss per year for 33 seasons. In the four years immediately preceding Hubbard's arrival A&M dropped 22 games for an average of 5.5 losses per season, while winning only 21.

In Hubbard's first season, 1974, he coached the Rattlers to a 6-5 season, their first winning record since a similar mark in 1971. And that was just the beginning. In 1975 Hubbard's team posted a 9-2 record, their best overall since 1969. It also was the first time a Florida A&M team had won as many as nine games in a single season since 1964.

With a background as a former player and coach under Woody Hayes at Ohio State, Hubbard brought in a winning attitude. He is a believer in sound, fundamental football and knows how to recruit the horses to make his program go.

While at Ohio State, Hubbard personally recruited Archie Griffin, who later became the only person ever to win the Heisman Trophy twice, Cornelius Greene and John Hicks. Greene has been the MVP in the Rose Bowl while Hicks won the Outland and Lombardi trophies before entering the National Football League.

An All-Conference and All-County performer in high school basketball and football for three years, Hubbard was player-of-the-year as a freshman at Ohio State.

A knee injury sidelined the running back for most of his sophomore year, but he fought back and was in uniform before the season's end. He was a starter all his junior year and really blossomed during his senior year, averaging 5.3 yards per carry, scoring three touchdowns, catching 13 passes for 98 yards and averaging 17.1 yards per attempt on kickoff returns.

Hubbard was drafted by Montreal of the Canadian Football League in 1968 but forewent a professional football career when he was offered a job as backfield coach for Ohio State. Hubbard said he wanted someday to become a head coach and "I felt my chances were far greater as an assistant to Coach Hayes than chancing a professional football career."

He joined the Buckeye staff in 1968 and that year Ohio State won the national championship. He has coached Jim Otis, Leo Hayden and John Brockington, all now prominent figures in the National Football League.

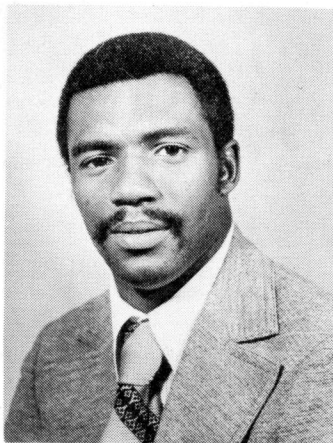

Hubbard has chartered the path for himself and his Rattlers and from all indications that path leads to continued success. He will accept no less.

Hubbard hails from Hubbard, Ohio, where he attended Hubbard High School (the names are mere coincidence). He was recruited by over 60 colleges before finally deciding on Ohio State.

He is married to the former Belinda Schwartz and is the father of one son, Sean, and one daughter, Jolinda.

AL BOGAN
Offensive
Centers & Guards

Bogan became the first member of Rudy Hubbard's staff when Hubbard was named head coach. "Al will help our program tremendously," Hubbard said. Bogan is a graduate of Ohio University and was an assistant at Indiana State University before coming to Florida A&M. During his playing days at Ohio University he starred as a running back and wide receiver. He is a student of the game and approaches it with much vigor and enthusiasm.

FRED GOLDSMITH
Defensive
Coordinator

Goldsmith comes to Florida A&M with impressive credentials. He is a graduate of the University of Florida and has worked as an assistant under Doug Dickey. He is noted for his defensive ability and the ability to turn losing programs around. He went into losing situations at Jasper, Punta Gorda Charlotte and DeLand and whipped them all into respectability before leaving. His most impressive defensive job was last year with the Rattlers when his defensive unit finished second in the nation against the score, allowing only 69 points all season.

COSTA "POP" KITTLES
Wide Receivers

A FAMU alumnus, Kittles has produced some top flight receivers. He has gained the reputation as being a specialist in developing wide receivers. He enters his 24th season as a Rattler coach. Kittles earned All-American honors while playing end for the Rattlers in 1950. He also holds a master's from Ohio State and is an assistant professor of physical education. He is head baseball coach and has turned out perennially strong teams. Considered

**ASSISTANT
COACHES**

one of the most thorough coaches in the business, Kittles also is known for getting results in the classroom as well as on the football field or baseball diamond. He is a native of Jacksonville.

BOBBY LANG
Offensive
Tackles & Tight Ends

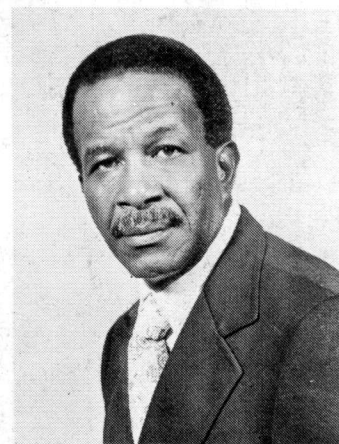

Lang is in charge of the offensive interior line. He enters his eleventh season as a member of the Rattler coaching staff. Lang was an All-SIAC performer during his playing days at FAMU where he earned his bachelor's and master's degrees. He is assistant professor of physical education and head track coach.

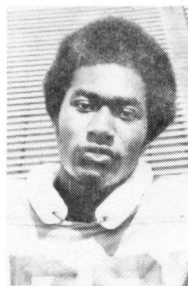

His track team is the defending SIAC Champion and during one stretch won the crown from 1968 through 1970, and in 1968 his 440 relay team (Major Hazelton, Jim Ashcroft, Gene Milton and Nate James) became the first in history to retire the James C. Patterson Challenge Cup at the Penn Relays by winning it three consecutive years. Lang joined the FAMU staff in 1966 and is a native of Jacksonville.

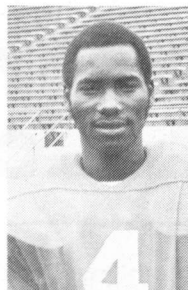

**ROBERT "BOB"
MUNGEN**
Defensive
Secondary

Mungen is a graduate of FAMU and during his undergraduate days played end, halfback and quarterback for the Rattlers. He is head tennis coach and assistant professor of physical education. He earned his master's at Indiana University. Prior to joining the Rattler staff, Mungen was head coach at Edward Waters College in Jacksonville, Fla., and Knoxville (Tenn.) College. He is also in charge of the freshmen and works with the varsity punters and kickers. His defensive secondaries are known for their ruggedness, speed and hard hitting. He is a native of Jacksonville and is in his 16th season as a Rattler coach.

You're welcome at Ramada Inn

OFFICER OF THE DECK. A YEAR OUT OF COLLEGE AND IN CHARGE OF THE ENTIRE SHIP.

The Midshipmen of the Naval ROTC at FAMU have returned from their Summer Cruises to Hong Kong, Hawaii, Rio De Janiero and the Mediterranean. They've seen a lot and they have enjoyed an exciting and challenging summer. But Most important, they each were given responsibilities which most people never see in a lifetime. Picture yourself on the Bridge of a Destroyer, or at the controls of an F-14 Tomcat or leading a platoon of Marines. Our NROTC graduates are out there now as leaders in the Navy and Marine corps.

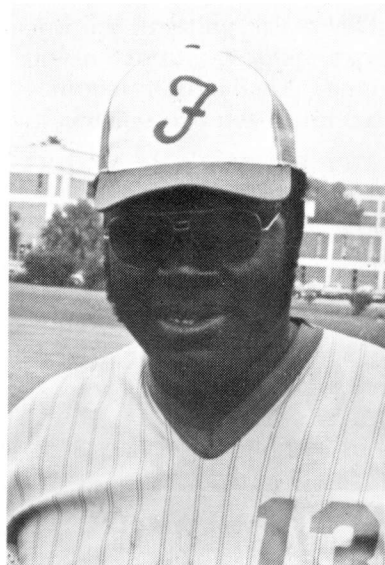

If you are looking for a challenge and a position with some real responsibility after

you graduate from FAMU then the Naval ROTC may be just the thing for you. The NROTC has a program designed for freshmen and sophomores through which you can earn a commission as an officer in the Navy or Marine Corps. And if you are a Technology, Math, Physics or Chemistry major you may qualify for a full-time Scholarship.

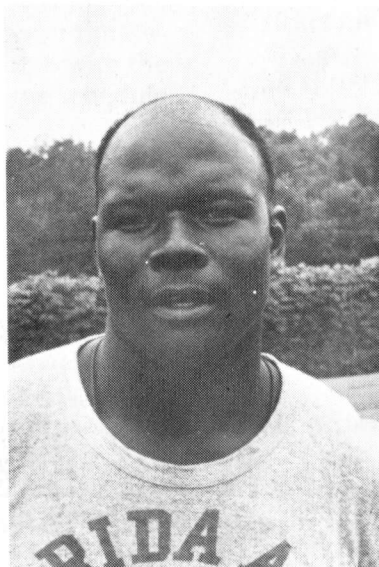

We invite you to stop by the Unit at 690 Gamble Street to discuss the many opportunities available to men and women at FAMU in the Naval Service. Or call us at 599-3980 or 599-3989. When you see our Midshipmen on campus ask them what their future holds. That future could be yours.

The New Chevrolet

The handwriting was on the wall.

It clearly said that the time had come for a new kind of 6-passenger car. One that would use fuel and space more sparingly, yet still provide the kind of room and ride you've found so comfortable and comforting in our popular full-size Chevys of the past.

The car is here.

It's called The New Chevrolet.

More head room

The New Chevrolet stands a little taller than last year's full-size Chevy, which perhaps explains why it looks so very proud in profile.

Inside, there's a little more clearance for heads and hats and hairdos, both in the back seat and up front.

A new acoustical ceiling helps keep things nice and quiet.

More leg room

We've increased the rear seat leg room by an inch in The Sedan (below) and by nearly two inches in The Coupe.

It will make a significant difference in riding comfort, especially on trips.

The straight-up styling of the car

makes it easier to climb into and out of.

More trunk room

The trunk is truly enormous, more than a cubic foot bigger than last year, with a nice flat floor that makes it easy to arrange things.

It's one of many pleasant surprises awaiting you in The New Chevrolet.

More efficient

The New Chevrolet is, by design, a very lean but very strong automobile, with not a trace of flab anywhere on its beautiful body, chassis or frame.

And it pays off at the gas pump.

In EPA tests, The New Chevrolet is rated at 22 mpg highway, 17 mpg city with the new standard Six, auto. trans. and 2.73 axle. Remember, EPA figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition and available equipment. (In California, EPA mileage figures are lower.)

The New Chevrolet.

We made it right for the times without making it wrong for the people.

You're going to love it.

 Chevrolet

Now that's more like it.

The 1977 Caprice Classic Sedan.

FAMU CO-CAPTAINS ARE TEAM LEADERS

by Horace Gosier

"A Rattler team captain is a guy that all the players respect, and he has to be someone who I can believe in. Most importantly, he has to be a good football player."

Those thoughts, says FAMU Head Coach Rudy Hubbard, are the guiding principles to which he adheres in selecting team captains for each season.

On the 1976 Rattler roster, there are many players who possess traits of leadership. But when the selection process was conducted earlier this year, four names stood out from the rest.

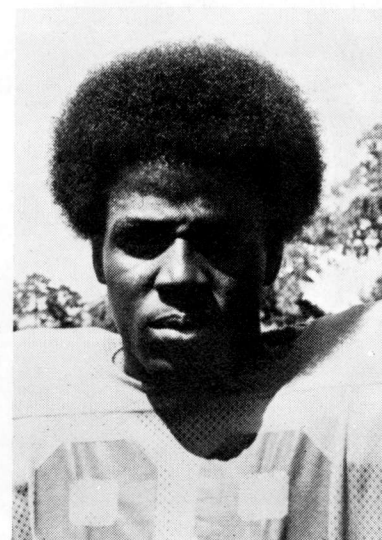

Rattler co-captains Cal Burgess, Earl Goodman, Curtis Parnell and Michael Sorey were selected by Coach Hubbard to provide the necessary player leadership, and they have done so admirably.

According to Hubbard, other factors in their selections were their individual improvement as players, and their motivation to work on their own during the off-season.

"All four are hard workers," said Hubbard. "They did a lot of work on their own weight-lifting and running and this affected the whole team."

Cal Burgess, the son of Mr. and Mrs. Wallace H. Burgess of Tallahassee, is a senior Business Management major. His hobbies are sports, traveling and pretty girls. Cal is a wide receiver and he is interested in pro football and private business as career options. He wears number 21 on offense.

Earl Roland Goodman, defensive end, is the son of Mrs. Raynell Goodman of Tampa. He is a Health and Physical Education major and has his eyes on a career in pro football or teaching. Earl enjoys music and sports

MIKE SOREY

in his spare time, and he is a member of Alpha Phi Omega service fraternity, and is number 38 on defense.

Curtis Parnell, affectionately called "Pecan," plays deep back for the Rattlers and is a senior Health and Physical Education major. He is the son of Mrs. Lula Mae Russ of Miami. Curtis plays, among other things in his spare time, basketball, softball, ping-pong, and tennis. His career choices are professional football, teaching and coaching football. Curt wears number 20 on defense.

Michael Sorey, a senior Business Management major, is the son of Mr. and Mrs. Arthur H. Sorey of Miami. Mike plays tight end and plans to have careers in pro football and business. He plays basketball, pool, tennis and likes to swim in his spare time. He is number 81 on offense.

The Rattlers are fortunate to have four men of their caliber.

AN UNPRECEDENTED OPPORTUNITY TO STUDY FOR CHALLENGING AND SATISFYING CAREERS IN A HEALTH PROFESSION.....

A professional
Bachelor of Science
in Pharmacy
degree program
is offered

The four year degree
program consists of a
core of courses including
non-professional elec-
tives, and a concentrated
program of study to
provide the student with
training in the pharmacy
option of interest. The
course of study qualifies
the graduate to take the
examination to become a
registered pharmacist

There is a future
for you
in pharmacy

(Florida A&M University School of
Pharmacy is accredited by the
American Council on Pharmaceutical
Education).
