ADVERTISEMENTS

The 1957 edition of the Baby Rattler Yearbook published by the Senior Class of Florida Agriculture and Mechanical University High School is designed to portray noteworthy events of the school.

May each page stimulate the recall of pleasant moments for graduates and reflect the variety of school activities for others.

On gridiron, diamond, track and field Thy sons the vict'ry never yield, And while they tread a broader life Thy love shall stay them in the strife. God ever keep us true to thee;
Thy faith that truth shall make men free,
Shall guide thy loyal sons aright
and fend them thru' the skeptic night.

GEORGE W. GORE, JR. B. A., M. Ed., Ph. D. President

CLASS HISTORY

When we think about our first year at F. A. M. U. High School in 1952, we remember the faces of our principal, Mr. A. W. Wright, and our homeroom teacher, Miss Lois Howard. That was an exciting year for us because at last we were in Junior High School.

In the eighth grade we had a new principal and a new homeroom teacher. Our new principal was Mr. M. E. Estaras and our homeroom teacher was Mrs. I. Pennington.

In 1954, we entered the ninth grade, under the sponsorship of Mrs. L. J. Moore. There were only twenty students, but we accomplished a great deal. This was the year we started earning units.

When we entered the tenth grade it suddenly dawned upon us that we were upperclassmen and it was our duty to set an example for the lower classes. We were still not "angels" by any means, for we're sure we spied a few grey hairs in Mrs. L. J. Moore's hair, which were not there before.

Then came the year of money-making and prom planning. All the work was worth every minute's time. Finally we ended up broke, tired, glad it was over - but happy because it was a successful year.

In our last, but most important year in F. A. M. U. High School, we have participated in many events. We were well represented in basketball and football with twelve seniors participating.

Our Student Council President was Barbara Jefferson. Anna Robinson reigned as Homecoming Queen.

Besides participating in all of the school activities, we have been as busy as bees working on our yearbook. Soon we will start practicing for our class play.

Although in the future we see visions of caps and gowns and diplomas, we hope that this is not all that we have gone to school twelve years for. We hope that in the past we have learned many things which will help us to live a full, rich life. Also, we hope that we have left behind just a little bit of something from which others will gain.

SCANNING THE NEWS IN 1967 CLASS PROPHECY

Gee, I'm tired. I think I'll read the papers.

Well, what do you know, Jerry Allen, one of the top ten lawyers, has just won a tremendously difficult case, and Jerry Bush has been made head of the School of Law at Fisk University. It certainly is nice to read about your old classmates.

What! Louis Blow, the first Negro to achieve the highest award in Mechanical Engineering. June Bryant and Randolph Edmonds won awards in Electrical Engineering on the same occasion.

I see various university presidents have appointed new heads of Business departments. They are listed here. Let's see, Austine Hunter, University of California; Betty Bryant, Howard University.

Now let's see what's on the next page. New businesses surely are popping up all over town. Harold Floyd has just opened his drug store. William Everett is having a grand opening down at his new electric plant. I surely hope that they get along OK. I heard that they were real good. Mildred Whitehurst and LaDoris Edwards have opened a school of business.

Elmer Bryant has been named the most outstanding government worker of the year.

Last week three Negroes with straight "A" averages graduated from Michigan State with majors in physical education. They are James McPherson, Frank Mordica, and Venetta Russ.

Leroy Thompson will fight in the middleweight championship fight next Wednesday. I surely hope he wins.

Barbara Jefferson and Carolyn Holmes are heads of English departments at Wayne and Howard Universities.

Ervin Holiday is the delegate from New York to the National Democratic Convention.

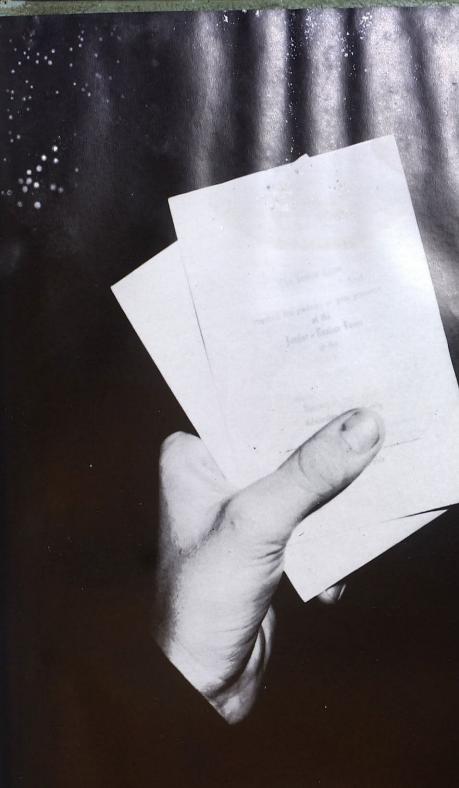

Patrick Williams sold his painting of EMELYE for \$1,000,000.

Reverend Oscar Crowell has started a great integration movement in Cairo, Georgia.

Emily Echols is head nurse at Harlem Hospital.

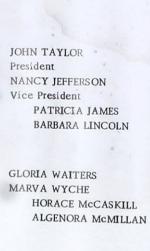

Why, just look at this news item. Michigan State has just recently appointed to their staff, Anna Robinson as head dietitian, Bertha Governor as Law librarian, and James Hudson as archaeologist.

Well, that's enough reading for today---

The National Honor Society is composed of juniors and seniors. They are chosen on the basis of scholarship, leadership, and service, and character. As a club they create enthusiasm for scholarship and encourage development of leadership, character, and a desire to render aid.

In the spring of 1954, the James Weldon Chapter of the National Honor Society was founded. The annual project of the Chapter is to write the school's news weekly for the Tallahassee Democrat and to keep a scrapbook of those news items.

Mrs. Bernice A. Reeves is the sponsor of the Chapter.

WHEN WE WERE YOUNG

REMEMBER

the good old days in Elementary school; the movies we used to see; the three recesses we used to have; the cards we made during Christmas; riding the merry-go-round; the yardstick that Mrs. Ford used to whip us; the trip to the weather station; the fair behind the school; the assembly and plays we were in and the skirts we had to wear for the Scottish dance for May Day. Then came the memories of high school -

WHEN

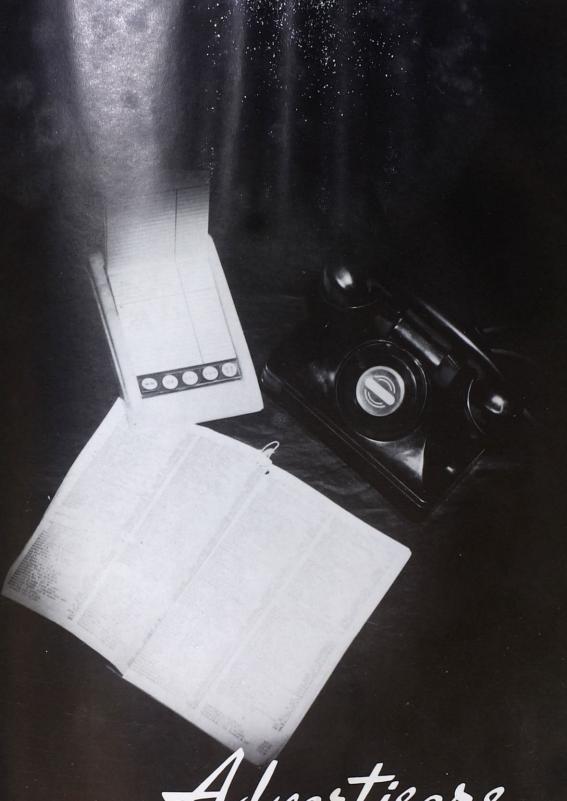

we were in the old barracks; how it used to be hot in the summer and cold in the winter; How we began changing classrooms and teachers. Remember the rushing for the lunch line; the football and basketball victories over Lincoln and other schools and especially that time when we beat Lincoln 42-0; the time that our basketball team went to the National; the night three students from our school won the Spelling Bee; the fun we used to have at the coronation ball and other dances; Best of all, the prom which was the best in town; the many home assignments Mr. Dandy gave us; and finally moving into the new building and walking down the aisle to receive our diplomas. These memories we will always cherish and keep dear to our hearts.
